## SHEILA'S COLUMN

### A Little Self-Love

"To fall in love with yourself is the first secret to happiness." —Robert Morley

### Blood Pressure Prescription Tips

February is American Heart Month, and blood pressure is an important aspect of heart health. Prescription medication is a common treatment for high blood pressure, a condition that affects nearly half of the adults in the U.S. These tips can help the medicine be most effective:

- Have a routine; taking the medication around the same time each day will decrease the chances of forgetting a dose.
- Follow prescription directions, including duration of medication.

### Sheila's Column Cont

- Feeling better? Blood pressure reading normal? The medicine is doing its job; make sure to continue taking it as directed.
- Check and record blood pressure often. Taking your pulse rate is never a bad idea, either.
- Refill prescriptions before they run out; this way, you'll be prepared for unexpected situations.

### Laugh Away the Winter Blahs

If you find yourself with a case of the winter blahs, try watching a comedy or chatting with a funny friend. Studies show that laughter causes your brain to release mood-lifting endorphins.

### A Friendly Walk

Psychiatrist Gary Small says walking with a friend is a triple threat against Alzheimer's disease. It gives you a cardiovascular workout, stress-relieving social interaction and mentally stimulating conversation.

### Be Mindful of Missed Calls

If you notice a missed call from an unknown phone number, resist the urge to satisfy your curiosity and call back.

**Cont. Next Column**

### Sheila's Column Cont

Scammers can spoof numbers that look similar to ones you regularly call in the hopes you'll answer. When you return the call, it verifies that a person is assigned to your phone number, prompting the scammer to try again another time.

### To Your Health: Sip Some Soup

Chicken soup is often a go-to meal when someone is sick with a cold or flu, and science can explain why. Chicken soup is full of protein, vitamins and antioxidants that boost the immune system, and a University of Nebraska study found that the ingredients have a mild anti-inflammatory effect. Plus, the steam from a bowl of hot soup can clear congestion. While it won't actually cure your cold, chicken soup can ease the symptoms and help you feel better.

### Get Up and Get Going!

Falling, literally and figuratively, is a hurdle that is hard to get over. The Get Up Campaign was launched by the U.S. Figure Skating organization in 2017 to identify the courage, passion and determination that is needed to get back up, not only in the rink, but also in life. Celebrate National Get Up Day on Feb. 1 by starting a new project, or inspiring others to keep going.

**Sheila Blevins, Manager**

## With Sympathy

Please offer your condolences to the family and friends of the residents who have passed away.

Thomas Williams

### Next Food by the Pool

will be Feb. 14th @ Noon to 2pm.

Hope you all enjoyed the Murder Mystery!

**Joanne, Activities Director**

# Save the Date

## Resident Appreciation Party

Party will be on Tuesday, MARCH 24th watch for details!

# Activities

Sending out a BIG THANK YOU to all those who participated in the New Year's Eve Party. A great time was had by all and I would like all our parties to be like this in the future.

Your suggestion of a country western band has been put in effect; there will be BLACKWATER JACK band playing at our Valentine Party on Thursday, February 12th. Like New Year's Eve, bring a snack or a appetizer to share and a nominal price will be charged to cover the entertainment.

Also, there was a wonderful turnout at the Activities Meeting on the 7th. There were many suggestions and ideas to be considered and researched. The next meeting will be on Wednesday, February 4th, at 7pm.

I am in the process of trying
